Professional Summary

Computer Science and Engineering student and aspiring Java Full Stack Developer with knowledge in Java, Spring Boot, HTML, CSS, JavaScript, and MySQL. Strong understanding of web development, problem-solving, and object-oriented programming. Passionate about building applications and new technologies.

Education

Seshadri Rao Gudlavalleru Engineering College	2023-2027
B.Tech in Computer Science And Engineering	GPA: 8.98/ 10
Sri Chaitanya Junior College,Machilipatnam	2021-2023
Intermediate (MPC)	Percentage: 93%

Experience

Full Stack Development (MERN) Intern – SmartBridge	May 2025- Jul 2025
• Built and maintained web applications using MongoDB, Express.js, React, and Node.js. • Worked on both frontend and backend tasks to develop functional features. • Tested, debugged, and improved application performance with Git, Postman, and DevTools. • Collaborated with the team to implement new features and ensure smooth project delivery.	

SKILLS

- **Programming Languages:** Java, Python, C, JavaScript, SQL
- **Backend & Web Development:** Spring Boot, Node.js, Express.js,Django, Flask, REST APIs, Microservices, Authentication, Angular
- **Frontend Technologies:** HTML, CSS, JavaScript
- **Computer Science Fundamentals:** Data Structures, Algorithms, OOP,DBMS, Operating Systems, Networking
- **Database & Tools:** MySQL, Firebase Firestore, Git, GitHub, VS Code

PROJECTS

Fraud Detection System (Machine Learning Python)	GitHub
• Developed a machine learning-based fraud detection system to identify anomalous financial transactions. • Performed data preprocessing, feature engineering, and model training using classification algorithms. • Improved detection efficiency by analyzing transaction patterns and behavioral anomalies. • Implemented real-time fraud detection logic, enhancing system reliability. • Tools & Technologies: Python, Pandas, NumPy, Scikit-learn	
AI-Powered Placement Preparation Portal (Full Stack + AI)	GitHub
• Developed a full-stack AI-powered web application to assist students in placement preparation. • Designed and implemented the frontend interface using JavaScript for an interactive and user-friendly experience. • Built the backend logic using Python and Streamlit to handle user requests and data processing.	

Certifications

- Digital Application Fundamentals (STEM) – NASSCOM
- Cloud Infrastructure & AI – Oracle
- Building Your First Chatbot – IBM
- Associate Developer with Node.js – MongoDB
- ServiceNow Certified System Administrator(CSA)
